COLLECTION LE SUD

Milinane has been inspired from its beautiful region to create this new Collection Le Sud.

It's the sunny spirit of the French Riviera that shines through in this collection, with this time a range of plains colours, a trendy stripe and a leopard print with the colours of the Mediterranean style. There are 3 colours representative of the South: **Cobalt Blue**, a reference to the Mediterranean, **Camel**, which has its roots in nature, and **White**, a symbol of purity and sunshine.

Cobalt Blue

A cobalt blue reminiscent of Klein Blue, a tribute to the colours of the region. A deep, electric blue that takes us back to an elegant, modern Mediterranean decor.

Camel

A warm tone borrowed from natural materials like rattan, wood and earth, reflecting the immensity and diversity of the wildlife that surrounds us.

Riviera Stripe

The very name French Riviera brings to mind Mediterranean beaches covered with striped towels, parasols and deckchairs. It's a mix between the sixties spirit of the French Riviera and a modern twist with warmer and more up-to-date colours.

Graou

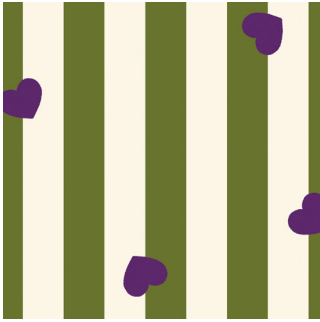

This is the graphic motif of the Le Sud collection. Made up of geometric shapes, this leopard print is inspired by the curves and rounded forms of the Arty trend, which can be found everywhere, especially in Mediterranean style.

NEW COLLECTION RETRO

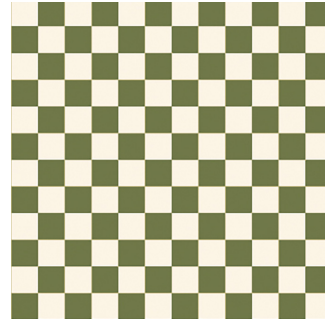

The seventies are making a comeback in our home decor, so we wanted to capitalize on this trend to create our Retro collection. These Peace & Love years are all about freedom, love and rebellion in fashion, with an interest in colorful patterns, stripes, geometric shapes and floral prints.

Vibrant colors such as **olive green, violet, bright orange and electric blue** are added to this Retro collection, reflecting this joyful, self-assured fashion.

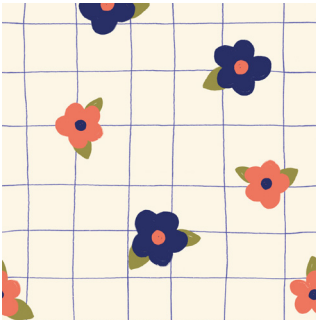

Stripe & Love

The 70's pattern with its geometric shapes combined with small purple hearts evokes the hippie and Peace & Love era. Green is this season's must-have, while purple adds a touch of pep.

Damier Olive

These geometric shapes are this season's big trend. Checkerboard design can be found in every interior and on every accessory. Its all-purpose olive green is a bold statement.

Daisy flowers

A bold, naïve pattern with a Flower Power message. This retro print is made with bright colors like orange and electric blue, combined with more neutral shades to make the print modern.

Olive

An all-purpose solid color, halfway between khaki green and olive green. The neutrality of khaki green will appeal to dads, and the pep of olive green for a trendy edge.

MOM BAGS

Milinane has designed a whole range of bags to fit the mother on a daily basis: changing bag, weekend bag, duffel bag and even belt bags.

CHANGING BAG JOSEPH

This **changing bag** has two handles on the top to carry it on the shoulders and a large adjustable handle. It includes a golden zip closure and three inside pockets. Joseph is lined with fleece and coated cotton on the inside. The Milinane logo is embroidered in gold thread.
